MEMORANDUM FOR: Assistant Deputy Director for Support

SUBJECT : Emergency Power for Agency Headquarters
Facilities

REFERENCE : Memo dtd 26 Apr 66 to D/L fr ADD/S,
same subject

1. This memorandum is for your information only and is a periodic progress report as requested by the reference.

2. The scheme for the proposed operation of the 2-2000 KW emergency generators in parallel with commercial power sources has been reviewed by VEPCO engineers. During the first week in September a meeting has been scheduled at which VEPCO, General Electric and CIA engineers intend to formalize the control scheme. General Electric will then proceed to install the necessary relays and equipment.

3. The Engineering Staff, OC, has not yet given us its comments on our preliminary feasibility study for modifications to the uninterrupted power supply at the Headquarters building. A follow-up memorandum was sent to them on 1 August 1966.
